John,

Attached is the Region 2 ARF.

For the electronic report -- I put the OSC, Site Leader (TechLaw) and Cindy Caporale. (rupert.richard@epa.gov, sgraves@techlawinc.com, caporale.cynthia@epa.gov)

The Account code for this site is on the form.

As things currently stand -- we expect between 10-20 samples next week. They may continue for 3 weeks -- up to 30 homes (2 samples each) and with blanks and QC -- the total could be 71.

If you send a hard copy -- you can send to me and I will make sure it will be filed with all the other data for this project.

I never saw any QL requirements for the MBAS. Please send me what Region 2's reporting limit is and I will add to the QL/RL requirement table for this site.

Thanks

Subject: Need Address for Region 2

John,

I putting together a list of addresses for the sampling team to use when in the field.

Region 2 has accepted Methylene Blue Active Substance analysis from the Dimock sampling event.

Please forward me the address and contact information.
